[1] The decrease in the Board of Elections is due to the recommended budget including appropriations for the first half of the year, which would allow the Board of Elections to conduct the primary election in March and finalize a communications plan before the general election in November. [2] The increase in the Commissioners is primarily attributed to the \$13.5 million set aside in Contingency. [3] The decrease in Community Partnerships is due to the reallocation of the contracts for the Affordable Housing Trust and Community Shelter Board to the Affordable & Emergency Housing Fund within Economic Development & Planning. [4] The increase in the Coroner is primarily attributed to the purchase of equipment and software for the new forensic science center as well as additional staffing.

[1] The increase in the Board of Elections is the result of fees charged to local governments for expenses related to the prior year's elections and which are received in even-numbered years. [2] The increase in the Commissioners is primarily attributed to a transfer of \$7 million from the 27th Pay Reserve Fund for the extra pay date that will occur in 2020, along with an estimated 1% increase in sales tax revenue. [3] The increases for Common Pleas, Court of Appeals, Domestic & Juvenile Court, Municipal Court, and Public Defender are primarily attributed to the increase in the reimbursement rate for county indigent defense expenditures included in the state biennial budget for fiscal years 2020-2021. [4] The decrease in the Treasurer's Office is primarily attributed to a decrease in Investment Earnings associated with a decline in short-term interest rates and a non-recurring transfer from unclaimed funds in 2019.

[1] The increase in the Commissioners is primarily attributed to the \$13.5 million set aside in Contingency and the appropriation back stop within the Convention Facility, Hotel Pledge, and Stadium Pledge Funds for various bond issuances; though no expenditures have been or are expected to be made from these funds. [2] The increase in Economic Development & Planning is primarily attributed to the creation of the Affordable & Emergency Housing Fund for receipt of the permissive conveyance fee revenue. [3] The increase in Emergency Management & Homeland Security is due to the transfer of operations of the Office of Homeland Security & Regional Communications to the agency effective July 1, 2019. [4] The increase in the Sanitary Engineer is primarily attributed to the timing of construction costs for various water and sewer projects.
