Performance Spotlight

Measure: Specialty Court Cases requiring representation

Program: Municipal Court

About this measure		Why it is important	
The complex and changing nature of criminal and juvenile practice requires constant development of the skills of new and experienced staff, including attorneys, social workers, investigators and support staff. Emphasis on the effective use of Specialty Court dockets in Juvenile, Municipal, and Common Pleas Court has influenced practice considerations in each Court. Attorneys and social workers work collaboratively in each court system to gather family background information, medical histories, list community resources available to assist, and compile any information which would assist the court in making an informed decision as to what could best address the client's needs, reduce the likelihood of reoffending, and promote public safety.		With a renewed emphasis on risk assessment and the use of sentencing alternatives, courts now endeavor to determine what caused the behavior that led to the offense and attempt to assist people in overcoming those issues rather than just punishing the offender. The Court will make better use of community resources to address the treatment needs of defendants/ Reaction: Staff will be more aware of these resources, better able to identify client treatment needs, link them to resources to successfully address the underlying behavior that gave rise to their offense and in doing so, substantially reduce the likelihood of future recidivism.	
What is being done			
Specialty Courts with the assistance of our attorneys and social workers, strive to help defendants overcome their challenges whether it's housing, counseling, transportation, medical needs, food, etc. so they can live crime free productive lives.

Budgeted FTE History

Vacancy Credit

The vacancy credit process is designed to more accurately reflect the true expenditures for Personal Services and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used by OMB to estimate an agency's vacancy credit utilizes a four-year history of unused personnel budgets to estimate an appropriate vacancy credit. However, recommendations may vary from the four-year average due to staffing trends or the number of positions supported within a fund.

Request for Results

A Request for Results is a request for additional appropriations to support a new initiative or expand existing services. A Request for Results contains a detailed description of the new initiative, justification for why the increase in appropriations is necessary, and the expected outcomes. In addition to the amount of additional appropriations, a Request for Results should identify any new revenue or savings expected to be achieved from the new initiative. The Office of Management & Budget reviews each Request for Results to determine if adequate justification is provided and sufficient resources are available. The County Administrator makes a recommendation based on this review, with the Board of Commissioners making the final decision on whether the item is included in the budget.

Video Arraignment		
Fund Type	Amount Requested	Amount Recommended
General Fund	\$501,212	\$501,212
Recommended	Request Description: The Public Defender's Office has requested four full-time Attorneys and eight part-time Law Clerks to adequately staff the video arraignment processes adapted by the Franklin County Common Pleas and Municipal Courts. Video arraignment was implemented as a result of the COVID-19 Pandemic. 94 percent of expenditures will be reimbursed by the State of Ohio, City of Columbus, and a federal Coronavirus Emergency Supplemental Funding Grant.	
	Recommendation: The addition of these positions for video arraignment in the Courts system to ensure successful implementation and proper representation of clients. Since video arraignment will continue after the pandemic, OMB will review the funding for these positions during the 2022 budget process to determine if they are still required.
