Performance Spotlight

Measure: Number of probate filings

Program: Administration of Records

About this measure		Why it is important	
This is done through a review of data from the court case management system and internal recordkeeping.		This will be important in 2022 to see how Court services are functioning as a result of the Covid-19 pandemic, the scheduled integration of a new case management system, and the Federal DL-ID Driver's License mandate. Studying this measure will help The Probate Court increase its access of services to customers, especially those who need additional assistance.	
What is being done			
The Probate Court reviews Court statistics. Decisions are made on what to communicate to the general public for important services and what adjustments in personnel and services need to be made. Monitoring this measure will generate new ideas to assist the public at Probate Court.

Budgeted FTE History

Vacancy Credit

The vacancy credit process is designed to more accurately reflect the true expenditures for Personal Services and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used by OMB to estimate an agency's vacancy credit utilizes a four-year history of unused personnel budgets to estimate an appropriate vacancy credit. However, vacancy credits may vary from the four-year average due to staffing trends or the number of positions supported within a fund.

Request for Results

A Request for Results is a request for additional appropriations to support a new initiative or expand existing services. A Request for Results contains a detailed description of the new initiative, justification for why the increase in appropriations is necessary, and the expected outcomes. In addition to the amount of additional appropriations, a Request for Results should identify any new revenue or savings expected to be achieved from the new initiative. The Office of Management & Budget reviews each Request for Results to determine if adequate justification is provided and sufficient resources are available. The County Administrator makes a recommendation based on this review, with the Board of Commissioners making the final decision on whether the item is included in the budget.

3 FTEs and appointed counsel fees to meet the Ohio Supreme Court adoption mandate		
Fund Type	Amount Requested	Amount Approved
General Fund	\$411,374	\$411,374
Recommended	<p>Request Description: In December of 2019, the Ohio Supreme Court decided the case <i>In re Adoption of Y.E.F.</i> which mandates that local probate courts appoint and pay counsel for indigent birth parents in contested adoption cases. Currently the Court adoption department is staffed by one clerk and existing staff attorneys work on adoption cases as needed while managing the work for the other areas of law administered by the Court. The Court is requesting 3 additional positions: a Staff Attorney (annual salary of \$74,494) to support all legal work related to the mandate, as well as an Adoption Clerk (\$52,174) and a Deputy Clerk (\$44,416) to manage the increased workload on cases, manage and maintain appointed counsel training and correspondence, review applications/verifications and determine indigency for parties, and meet the deadlines for reimbursement through the Ohio Public Defender's Office.</p> <p>In addition to the staffing, this request also includes \$150,000 for appointed counsel fees. The Court projects that it will receive \$135,000 in reimbursement revenue from the State Public Defender's Office to partially offset these expenditures.</p>	
	<p>Justification: These positions are included in the 2022 Budget because they are essential to allow the Franklin County Probate Court to successfully meet its mandate to provide counsel to indigent birth parents in contested adoption cases.</p>	

IT Manager FTE		
Fund Type	Amount Requested	Amount Approved
General Fund	\$105,119	\$105,119
Recommended	<p>Request Description: The Court is requesting a full-time IT Manager position (annual salary of \$71,494): The Court currently only has 1 IT professional working on daily tasks, while also supervising the development and implementation of a new Countywide Court case management system. Prior to 2013, the Court had two IT professionals, and has found that it is difficult to manage the day-to-day IT needs of the Court in a timely fashion with only one dedicated staff member.</p>	
	<p>Justification: The IT Manager position is included in the 2022 because it will allow the Franklin County Probate Court to address its IT needs in a timely manner.</p>
