

Mission

The mission of the Franklin County Engineer’s Office is to provide for safe and efficient movement of people and goods from place to place by designing, building, and maintaining Franklin County’s roads, bridges, and infrastructure for multiple modes of transportation. We are an agency of action, innovation, and collaboration.

Strategic Focus

Primary Initiative: Equitable Business Enterprise Program - All businesses have an equal opportunity to receive and participate in FCEO-administered contracts and procurement activities, and to promote the use of all businesses in all types of contracts and procurement activities conducted by The Franklin County Engineer's Office.

Primary Issue: The Franklin County Engineer's Equitable Business Enterprise Program for Locally Funded Projects - It is the Franklin County Engineer's commitment to disadvantaged businesses to encourage competition and provide an even playing field for all businesses. This program is designed to provide assistance to disadvantaged businesses and to encourage their participation in FCEO contracts and procurements. It is our goal to achieve 10% participation from our disadvantaged business enterprise partners. - Locally funded construction contracts will be assigned a percentage goal based on the total project cost.

Performance Spotlight

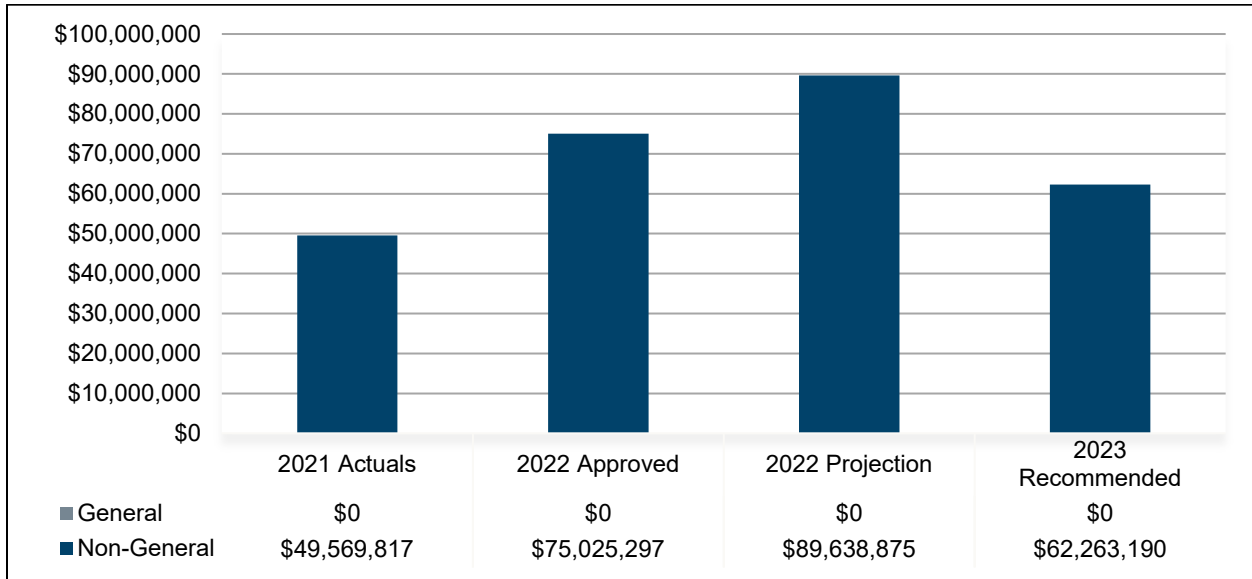

Measure: Total CIP dollar amount spent with EBE Certified Businesses

Program: Roadway Infrastructure

About this measure		Why it is important	
<p>The Franklin County Engineer's Equitable Business Enterprise Program for Locally Funded Projects has been established to: (1) Foster nondiscrimination in the award of and administration of FCEO locally funded projects; (2) Help remove barriers to the participation of disadvantaged businesses in FCEO local funded projects; and (3) Assist in the development of firms that can compete successfully in the marketplace outside.</p>		<p>Diversity and Inclusion across all disciplines results in a well-rounded project by including many varying and important perspectives. Requiring disadvantaged business participation in FCEO contracts will allow our office to realize the benefits of additional expertise as well as provide all of our business community members' opportunities to prosper in Franklin County.</p> <p>Without the Equitable Business Enterprise Program for Locally Funded Projects explicitly in place, our disadvantaged business community partners are not guaranteed participation in local project and procurement opportunities.</p>	
What is being done			
<p>Locally funded construction contracts will be assigned a percentage goal based on the total project cost. The FCEO's Diversity and Inclusion Coordinator is responsible for administering the Franklin County Engineer's Equitable Business Enterprise Program for Locally Funded Projects.</p>			
2021 Actual	2022 Budget	2022 Projected	2023 Budget
776,931	3,500,000	3,750,000	1,800,000*

*The variance from the 2022 projection to the 2023 budget is due to the timing of construction projects.

Budgeted FTE History

Vacancy Credit

The vacancy credit process is designed to more accurately reflect the true expenditures for Personal Services and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used by OMB to estimate an agency's vacancy credit utilizes a four-year history of unused personnel budgets to estimate an appropriate vacancy credit. However, vacancy credits may vary from the four-year average due to staffing trends or the number of positions supported within a fund.

Salaries & Wages

	2022 Budget	Four-year Average	2023 Recommended	% Point Change to:	
				PY Budget	Average
General Fund	5.0%	3.3%	3.0%	-2.0%	-0.3%
Motor Vehicle and Gas Tax Fund	10.0%	8.7%	10.0%	0.0%	1.3%
Stormwater Fund	0.0%	-0.3%	0.0%	0.0%	0.3%

The vacancy credit for 2023 in Salaries & Wages is in line with the amounts included in the 2022 Budget and four-year average.

Fringe Benefits

	2022 Budget	Four-year Average	2023 Recommended	% Point Change to:	
				PY Budget	Average
General Fund	5.0%	1.1%	3.0%	-2.0%	1.9%
Motor Vehicle and Gas Tax Fund	15.0%	15.3%	10.0%	-5.0%	-5.3%
Stormwater Fund	0.0%	5.4%	0.0%	0.0%	-5.4%

The vacancy credit for 2023 in Fringe Benefits is in line with the amounts included in the 2022 Budget and four-year average.

Request for Results

A Request for Results is a request for additional appropriations to support a new initiative or expand existing services. A Request for Results contains a detailed description of the new initiative, justification for why the increase in appropriations is necessary, and the expected outcomes. In addition to the number of additional appropriations, a Request for Results should identify any new revenue or savings expected to be achieved from the new initiative. The Office of Management & Budget reviews each Request for Results to determine if adequate justification is provided and sufficient resources are available. The County Administrator makes a recommendation based on this review, with the Board of Commissioners making the final decision on whether the item is included in the budget.

Coronavirus Local Fiscal Recovery Allocation		
Fund Type	Amount Requested	Amount Recommended
Non-General Fund	\$5,000,000	\$5,000,000
Recommended	Request Description: This request would provide an allocation from the Coronavirus Local Fiscal Recovery Fund authorized by the American Rescue Plan to make up for revenue loss experienced as a result of the COVID 19 pandemic to support infrastructure projects.	
	Recommendation: OMB recommends the request to provide support for needed infrastructure projects. This allocation would allow the Engineer's office to move forward on needed drainage and other infrastructure projects that have been delayed as a result of lost revenue due to the COVID 19 pandemic.	

Water Quality Enforcement		
Fund Type	Amount Requested	Amount Recommended
Non-General Fund	\$197,270	\$197,270
General Fund	\$25,700	25,700
Recommended	Request Description: Franklin County Public Health and the Engineer's Office have experienced an increased workload as a result of expanded stormwater projects and reporting requirements. This request would provide an additional 2.00 FTEs in the Engineer Stormwater Infrastructure program as well as allow Franklin County Public Health to upgrade the Supervisor position from 0.50 FTE to 1.00 FTE and the 6 part-time Sanitarian positions to 3 full-time Registered Environmental Health Specialists. The request also includes an increase to Franklin County Soil & Water to provide additional education, outreach, conservation, and storm water assistance as they work in conjunction with Franklin County Public Health and the Engineer's office to address Illicit Discharge Detection and Elimination (IDDE).	
	Recommendation: OMB recommends the request to assist Franklin County Public Health, the Engineer's office, and Franklin County Soil & Water in addressing an increased workload as part of expanded stormwater projects and reporting requirements in support of the Franklin County MS4 National Pollutant Discharge Elimination System (NPDES) Phase II Permit IDDE. This request supports providing safe water and effective sewer systems for the residents of Franklin County.	

Roadway Infrastructure

Program Purpose

The purpose of the Roadway Infrastructure Program is to provide and maintain roads, traffic control devices, and rights-of-way in a timely manner for the traveling public so that users of the county highway system can travel on safe and smooth roadways.

Primary Services

- Planning and review of highway capital improvement programs, funding application and management, construction inspection, intergovernmental agreements, and permit issuances.
- Road maintenance operations such as paving, pavement inspection and rating, pothole repair, and berm installations.
- Crack sealing, guardrail repair and replacement, catch basin repair and replacement, and R/W litter removal and mowing operations.
- Traffic signal installation, maintenance and repair, school zone flasher installation maintenance and repair, zoning, and development review.
