

Mission

The mission of the Franklin County Board of Developmental Disabilities is to provide programs, services, and supports to eligible children, adults, and their families so individuals with developmental disabilities can live, work, learn, and participate in the community.

Strategic Focus

Primary Initiative: From 2023 through 2027, FCBDD will have stable funding - FCBDD will be able to assure the community, families, and consumers that resources are available to continue providing basic, quality services.

Primary Issue: Adult Community Employment Training - Emphasis to train adults for community employment settings, wherever possible, while still providing consumer choice, consistent with the State of Ohio Employment First initiative. In addition, the State of Ohio has further directed that County Boards of DD must exit direct service delivery for waiver funded services by 2024. - The impact to the community is an increase in employment in the most integrated settings possible. The response is to manage facilities and staff resources as the trend toward integration develops and to comply with the conflict-free case management directive by 2024, without staff layoffs.

Performance Spotlight

Measure: Number of individuals served in the Residential Support Program

Program: Residential Support

About this measure		Why it is important	
The major expenditure in this program is the local matching funds provided by FCBDD to leverage federal Medicaid funding for Home and Community Based Waiver services (HCBS) in the community. HCBS services include, but are not limited to, funding for housing, transportation, and employment services.		HCBS services are delivered from a “person centered” approach, where daily living needs are met with as much independence as possible, while achieving health and safety. Transportation supports are provided so persons served can access either individual or group employment.	
What is being done			
Tracking the number of individuals with developmental disabilities who receive supportive services and housing supports is important, not only to measure outcomes, but also to ensure sustainability of long-term funding. The Residential Support Program primarily supports two of the Rise Together Blueprint goals: Goal #4 "Improving and increasing the delivery of supportive services for individuals to access employment" and Goal #5 "Increasing the supply of and equitable opportunity to access quality housing."

Total	\$243,459,762	\$228,008,076	(\$15,451,686)	-6.3%

The \$15,451,686 decrease from the 2022 Approved Budget to the 2022 Projection is primarily attributed to:

- Lower than anticipated expenditures in Board & Care due to payment timing issues as well as services that were not as fully utilized as they had been in previous years (\$14.6 million).

Comparison: 2022 Approved to 2023 Recommended

	2022 Approved	2023 Recommended	Variance \$	%

Vacancy Credit

The vacancy credit process is designed to more accurately reflect the true expenditures for Personal Services and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used by OMB to estimate an agency’s vacancy credit utilizes a four-year history of unused personnel budgets to estimate an appropriate vacancy credit. However, vacancy credits may vary from the four-year average due to staffing trends or the number of positions supported within a fund.

Salaries & Wages

				PY Budget	Average
Board of Developmental Disabilities Fund	10.0%	18.3%	8.0%	-2.0%	-10.3%

The 2023 Vacancy Credit is 8.0%, which is lower than the four-year average but is comparable to the 2022 Budget. Overall, vacancy savings are trending downwards due to the reduction of FTEs

Levy Plan Comparison

The Human Services Levy Review Committee (HSLRC) evaluates levy requests to assure that levy funded agencies have demonstrated prudent programmatic and financial planning. In developing the levy fiscal plan, the HSLRC recommends that the ending cash balance equal at least three months of expenditures at the end of the levy cycle. Each year as a part of the budget process, the Office of Management & Budget compares current year revenue and expenditure projections and budget to the HSLRC levy plan to determine if the agency is on track to end its current cycle with the recommended cash balance.

* The 2017 Levy Plan anticipated the need to budget for costs associated with the transition of adult services to private providers. The Levy Plan estimated Transition Costs at \$5.7 million for 2022 and \$5.6 million in 2023. Due to the uncertainty of how these funds would be expended, the HSLRC used a separate line item. These costs are reflected in the appropriate budgetary categories for the 2022 Projections and the 2023 Budget. Expenditures are higher in the 2023 Budget in part because of the expected timing for the privatization of certain services and the increase in provider rates. The higher expenditures are facilitated by the fact that revenues have been higher than anticipated in the Levy Plan
