

Mission

The mission of Franklin County Emergency Management and Homeland Security (FCEM&HS) is to encourage and assist all 42 jurisdictions, local first responders and residents of Franklin County to become as prepared and resilient as possible for all disasters whether man-made or natural. This is accomplished by leading and coordinating disaster planning, education, alerting and warning, training, exercising, and grant funding of a variety of planning, education, and response and recovery initiatives.

Strategic Focus

Primary Initiative: Respond to Incidents and Disasters - Inform the public, jurisdiction leadership, and partner agencies of critical incident information utilizing the outdoor warning siren system and Alert Franklin County Mass Notification Program, including the FCReady text messaging keyword, as well as broadcast and social media.

Primary Issue: Technology Utilization - Changing Technology and the expectations of the public to receive almost real time incident and disaster information from official and trusted sources is a challenge to implement. - Continually emphasize and grow the text messaging capabilities through the use of the Alert Franklin County and the FCReady keyword while maintaining a high level of staff proficiency and awareness. In conjunction with mass notifications expand the Common Operating Picture awareness of local communications centers and FCEM&HS staff by implementing the Everbridge Visual Command Center.

Performance Spotlight

Measure: Number of Alert Franklin County FCReady Keyword Registrants

Program: Emergency Operations

About this measure		Why it is important	
Residents as well as service providers are able to join a text messaging group (FCReady) to receive official information pushed by Franklin County Emergency Management and Homeland Security.		As the public moves to the use of a wide range of mobile devices as their primary source of messaging and communication, this is a way for them to receive important information regardless of their location.	
What is being done			
This measure tracks the number of devices that have joined the Text messaging group as a measure of the public who wish to receive information and is influenced by social media and public information campaigns.

Vacancy Credit

The vacancy credit process is designed to more accurately reflect the true expenditures for Personal Services and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used by OMB to estimate an agency’s vacancy credit utilizes a four-year history of unused personnel budgets to estimate an appropriate vacancy credit. However, vacancy credits may vary from the four-year average due to staffing trends or the number of positions supported within a fund.

Salaries & Wages

	2023 Budget	Four-year Average	2024 Approved	% Point Change to:	
				PY Budget	Average
Homeland Security & Regional Communications Fund	5.9%	7.4%	7.0%	1.1%	-0.4%
Emergency Management Fund	7.0%	10.1%	6.0%	-1.0%	-4.1%
Warning Fund	0.0%	5.2%	0.0%	0.0%	-5.2%

The 2024 requested vacancy credit in the Warning Fund is 5.2% percentage points lower than the four-year average, however, only 0.75 FTE are supported by this Fund, so no vacancy credit is recommended.

Fringe Benefits

	2023 Budget	Four-year Average	2024 Approved	% Point Change to:	
				PY Budget	Average
Homeland Security & Regional Communications Fund	2.2%	23.3%	4.0%	1.8%	-19.3%
Emergency Management Fund	2.0%	12.2%	3.0%	1.0%	-9.2%
Warning Fund	0.0%	4.9%	0.0%	0.0%	-4.9%

The 2024 requested vacancy credit for Fringe Benefits in the Homeland Security & Regional Communications Fund is 19.3% percentage points lower than the four-year average, however, it aligns with the 2023 request in this fund.

The 2024 requested vacancy credit for Fringe Benefits in the Emergency Management Fund is 9.2% percentage points lower than the 2023 request, however, it aligns with the 2023 request in this fund.
