

**Mission**

The Franklin County Board of Commissioners is committed to serving, supporting, and uplifting all residents of Franklin County through a lens of respect and human-centered care. We strive to ensure that every resident’s needs are met on the fundamental social, wellness, economic, and environmental levels. We are dedicated to constant innovation, sustainability, and progress, for the sake of providing the best possible quality of life for all residents.

**Strategic Focus**

**Primary Initiative:** Fiscally Responsible Government Operations – Establishing priorities and maintaining prudent financial management over the County’s resources so that the optimal level of support can be provided to agencies in the most fiscally responsible manner.

**Primary Issue:** Fiscal Sustainability - In order to allocate the County’s scarce resources in an efficient manner, the need for financial and performance data to support strategic decision-making has significantly increased. This data, used in conjunction with the county’s five-year financial forecast and five-year capital plan, will allow the Board of Commissioners to review and reassess its priorities and allow the Administration to provide the optimal level of support to agencies in the most fiscally responsible manner.

**Performance Spotlight**

**Measure:** Ending General Fund balance as a percentage of expenditures for Franklin County

**Program:** Reserves

About this measure		Why it is important	
<p>General Fund Resources - The County has been able to maintain its General Fund cash balance with the help of federal support. Beginning with the CARES Act in 2020 and the subsequent support provided from the American Rescue Plan, the County has avoided the need to utilize approximately tens of millions in cash reserves while preserving service levels in critical health and human services agencies, as well as to fund policy initiatives that align with our strategic priorities. The funding from the American Rescue Plan also allows for the County to meet its targeted reserve levels throughout its long-term financial forecast.</p>		<p>It is important to provide economic stabilization services for Franklin County so basic services can be maintained in the event of a financial crisis. It is important that the County remain in a fiscally strong and sustainable position and keeps the cash balance among the highest levels of other counties rated triple-A by Moody’s and Standard &amp; Poor’s.</p>	
What is being done			
<p>Under the direction of the County Administrator, the Office of Management &amp; Budget (OMB) coordinates the budget preparation process and provides guidance to County agencies, courts, and boards. OMB conducts thorough reviews of the requested budgets and develop recommendations for County Administration to present for approval by the Board of Commissioners. After approval, budgets are continuously monitored to ensure the County's resources maintain alignment with the Commissioners’ core principles.</p>

**Comparison: 2024 Approved to 2024 Projection**

	<b>2024 Approved</b>	<b>2024 Projection</b>	<b>Variance</b>	
			<b>\$</b>	<b>%</b>
General Fund	\$453,783,799	\$441,168,704	(\$12,615,095)	-2.8%
Non-General Fund	\$71,912,344	\$75,615,994	\$3,703,650	5.2%
<b>Total</b>	<b>\$525,696,143</b>	<b>\$516,784,698</b>	<b>(\$8,911,445)</b>	<b>-1.7%</b>

The variance from the 2024 Approved Budget to the 2024 Projection is primarily attributed to a decrease in reimbursements from the Coronavirus Local Fiscal Recovery Fund (CLFRF) that was approved by the American Rescue Plan (ARP) due to the timing of reimbursements. The increase within Non-General Funds is related to the receipt of settlement payments within the OneOhio Opioid Settlement Fund.

**Comparison: 2024 Approved to 2025 Approved**

	<b>2024 Approved</b>	<b>2025 Approved</b>	<b>Variance</b>	
			<b>\$</b>	<b>%</b>
General Fund	\$453,783,799	\$446,539,770	(\$7,244,029)	-1.6%
Non-General Fund	\$71,912,344	\$93,106,331	\$21,193,987	29.5%
<b>Total</b>	<b>\$525,696,143</b>	<b>\$539,646,101</b>	<b>\$13,949,958</b>	<b>2.7%</b>

The variance from the 2024 Approved Budget to the 2025 Approved Budget is primarily attributed to transferring the Affordable & Emergency Housing Fund from the budget of Economic Development & Planning to the Board of Commissioners. This is partially offset by a decrease in reimbursements from the CLFRF that was approved by the ARP in the General Fund.

**Vacancy Credit**

The vacancy credit process is designed to more accurately reflect the expenditures for Salaries & Wages and Fringe Benefits within the agency budget request. The calculations for the budget process begin with funding all approved positions for the entire year excluding new positions contained in a Request for Results. Vacancy credits take into account that not all approved positions will be filled for the entire year. The methodology historically used to estimate an agency’s vacancy credit utilizes a four-year history of unused personnel budgets to determine an appropriate percentage of Salaries & Wages and Fringe Benefits that will likely remain unspent at the end of the year. However, vacancy credits may vary from the four-year average due to staffing trends or the number of positions supported within a fund. Vacancy Credits may also differ between Salaries & Wages and Fringe Benefits due to the timing and fixed amount charged for healthcare.
